

**WELLANDGOULDSMITH SCHOOL**

**CLASS 6**

**SUBJECT : GEOGRAPHY**

**TOPIC: WATERBODIES ( OCEANS AND SEAS).**

**WORKSHEET**

**Synopsis:**

- The part of the Earth surface occupied by water bodies is called the hydrosphere.
- A large body of saltwater that covers about 71% of the Earth's surface is called an ocean.
- There are five major oceans on the earth they are :  
The Pacific Ocean  
The Atlantic Ocean  
The Indian Ocean  
The Arctic Ocean  
The Antarctic Ocean
- A sea is a body of salt water smaller than an ocean. They are usually located where the land and ocean meet.
- Phytoplanktons are microscopic single celled organisms that live suspended in large bodies of water.
- Zooplanktons are small species of animals that float or swim in the water.
- The world's oceans are important to life on earth. They are a great source of food for people. They also provide minerals oil and natural gas.
- Pacific Ocean is the largest ocean. Mariana trench is located in the Pacific Ocean.
- Indian Ocean is the only ocean in the world named after the name of a country India.
- Black Sea is an inland sea.
- Caspian Sea is the largest enclosed water body on earth.
- Arabian Sea is economically very important because of the presence of huge oil fields of Arabia.
- Aral Sea has been marked as a disappearing sea.

---

**1. Fill in the blanks:**

- a. Oceans cover nearly \_\_\_\_\_percent of Earth's surface.
- b. Atlantic Ocean is situated between the \_\_\_\_\_ and \_\_\_\_\_ America on one side and \_\_\_\_\_ and \_\_\_\_\_ on the other side.
- c. Arctic Ocean is the \_\_\_\_\_ocean of the world.
- d. The \_\_\_\_\_ Sea is the northernmost part of the Pacific Ocean.
- e. \_\_\_\_\_ is a saltwater lake located in the heart of Central Asia.

**2. Define the following terms:**

- a. Hydrosphere
- b. Phytoplankton
- c. Lithosphere

- d. Ocean
- e. Sea

**3. Answer the following:**

- a. Name the largest ocean animal.
- b. Name the continents on the three sides of the Indian Ocean.
- c. Give another name of the Southern ocean.
- d. Name any three rivers that drain into the Black sea.

**4. Complete the following exercises at the end of the chapter.**

- a. Page 44 Exercise A - Question numbers 6 to14.
  - b. Page 44 Exercise B - Question numbers 1 to 5.
  - c. Page 45 Exercise C- question numbers 1 to 5.
  - d. Page 45 Exercise D.
  - e. Page 45 Exercise E – Question numbers 1 to 5.
-
