English Literature Chapter- 4 Worksheet
The Sleeping Beauty

Synopsis

The king and queen had all the riches but they did not have a child. This made them feel extremely sad. So when at last, a child was born the king and queen threw a grand birthday party and their daughter was showered with gifts but an uninvited guest, who was the witch zoomed in the party. With great annoyance and anger she cast a spell that on her sixteenth birthday a spindle would prick her and she would fall into a deep sleep. When the day arrived, the Princess got pricked with the spindle. For sixty years the Princess was in a deep sleep, then a prince came along he screamed a song, jangled a tambourine he did several things to wake her up from the sleep but nothing really worked, she continued to snore. He then held her nose in his hand and pressed it really tight. The Princess woke up with a start, her nose was rosy red. The Prince asked her if she wanted to marry him, she got annoyed and called him a nosy poker. She wanted to sleep longer, the Prince then took his cycle keeping a thought in his mind that life is not a Fairytale.
