WORKSHEET

SYNOPSIS

Andrew was a little boy in school ,when one day he had left school in the fifth period and was hurrying home to tell his mother a secret. Now Andrew wanted to reach home fast so he took a short cut through the woods. Here in the woods lived three horrible giants. One of the giants seeing Andrew blocked his way, now this giant was very big, ugly and fierce looking. He asked Andrew what he was doing there. Andrew told the giant he had a secret to tell his mother and he was in a hurry to reach home and so he had to take the shortcut. The giant roared "Secret? What secret. But Andrew did not tell him, so the giant picked Andrew, put him in his pocket and took him to their castle.

On the way he met his brother the other giant who was fat and almost bald, he wanted to know what was in his brother's pocket. The first giant said he is a boy and had a secret and that he would not tell him what the secret was. The second giant gave a wicked laugh and said take him to the castle and we will see how he will not tell us his secret. Both the giants thumped down the path till they came to a huge castle made of stone beside a muddy river. At the castle door they met the third giant who was horrid looking. He looked like a giant but he was like a child and spoke like one. The little giant also asked what was in the pocket of the big giant and he was told the same thing. The third giant also laughed wickedly and they put the boy on the kitchen table. Then the three giants gathered around and had a close look at Andrew. Andrew also looked at all the three giants and they truly looked enormous and horrid.

The three giants forced him to tell them his secret and then with a big sigh he said he would tell them but they had to promise to let him go home. The giants agreed, then one by one he told them his secret. The first giant on hearing it was so scared that he ran away and climbed the tallest tree. The second giant was also terrified and dived into the muddy river. The third giant ran away into a dark cave.

Andrew then walked out of the castle and at last told his mother his secret, but she did not scream or run away instead she put him to bed and gave him his dinner. The next morning when Andrew woke up he was covered with red spots and had a fever. Now he could tell everyone about his secret. What was it?, He had Measles.
