

SYNOPSIS

Smoky Smells Success

Smoky the friendly ghost lives in an ancient castle in Germany. He would be happy disguising himself as famous people and dance and play his guitar. When a man and a woman came and wanted to destroy his castle as they did not have the money to restore it, Smoky led them in the form of a perfumed smoke to a secret treasure chest. With this money they were able to restore the castle. Once the castle was restored after six months, the mayor of the town came and wished to himself aloud for the castle to be haunted. Hearing this Smoky appeared before the mayor in the form of a clown and tickled his chin. The mayor laughed and then ran away frightened. Smoky now has a marvellous time trying out his various disguises on ghost hunting visitors in his castle.
