| 9. screaming | 19. produces |
| 10. sweeper | 20. coughs |

Dictation

The castle door had been left open, and since the giants had promised the little boy he could go, Andrew walked out and went home.

At last he could tell his mother his secret; but she did not scream and run away. She just put him to bed and gave him some supper.

The next morning when Andrew woke up, he was covered from head to toe with bright, red spots and he had a slight fever.

Assignment

1. Fill in the blanks with the missing letters
