1. Write a short paragraph on the following topic:-

A VISIT TO A FAIR

My grandfather lives in a village, where he has two cows, huge paddy fields and a few ponds. During my summer vacation my parents and I went to visit my grandparents. They took me to the village fair which was held once a week on Saturday. It was the first time I had visited such a fair. There were many stalls of different items ranging from fruits, vegetables and grocery items to movie CDs and mobiles. What specially attracted me were the stalls with different kinds of toys. I bought a toy car and a doll for myself while my mother bought few home furnishing items. I liked the fair so much that whenever I visit my grandparents, I make sure that I visit the fair.
