Class- 1

Arithmetic Worksheet

Addition Problem Sums – These are stories that give us some information and then ask us to find something. We have to find out what the information is and then find the answer. Remember when you see the words altogether or in all then you have to add the numbers given in the story.

Exercises to be done in Arithmetic exercise book.

1. There are 19 mangoes and 10 oranges in a basket. How many fruits are there altogether?

2. Raj has 26 red pens and 13 blue pens . How many pens does Raj have altogether?

3. There are 51 roses and 37 tulips in a garden. How many flowers are there altogether?

4. 142 boys and 246 girls are playing in a field. How many children are there in all?

5. Sara has 425 cats and 131 dogs . How many pets does she have in all?
