

Welland Gouldsmith School

Science Worksheet

Class- II

SYNOPSIS

Safety And First Aid

We should always obey safety rules and walk on the footpath. We need to be careful and alert and cross the road at the zebra crossing. Do not play on the road, play safe games. Do not get in or out of a moving bus, and wait for your turn in a queue. Do not swim alone in deep water and use an air-filled tube while swimming. Do not do tricks while cycling on the road. Always help an injured person on the road.

- Children please do questions 1, 2 and 3 in your interleaf Science Exercise Book

1. Answer the following questions:

- a) Name the crossing at which one should cross the road.
- b) Which traffic light signal indicates, 'Go'?
- c) Which two safety rules should one remember while walking?
- d) Why should we not play on the road?

2. Fill in the blanks:

- a) Use the _____ while crossing the road.
- b) Playing on the road can cause an _____.
