Chapter - 4

Different kinds of animals live around us. Animals have different shapes and sizes. Some of them are big like elephant and giraffe. Some of them are medium size like deer and fox. Some of them are small size like rat and rabbit.

- Domestic animals live around us. They are dog ,cat , horse.
- Cow ,buffalo and goat give us milk.
- Bear, lion and tiger are wild animals.
- Snake ,lizard and chameleon are reptiles. They creep along the ground and wall.
- Amphibians live in or around water. They are crocodile ,frog and tortoise.
- Turtle ,fish and whale are aquatic animals. They always live in water.
- Parrot, Sparrow and crow are birds. They have wings to fly.
- Insects are small animals .We see many insects around us like house fly, butterfly and Cockroach.
