Read the passage below and answer the following exercises:

Alice came upon a little three- legged table, made of solid gas. There was nothing on it but a tiny golden key. She saw a low curtain and behind it was a little door about 15inches high. She tried the golden key in the lock, and to her great delight it fitted!

Alice open the door and found that it led into a small passage, not much larger than a rat –hole. She knelt down and looked along the passage into the loveliest garden you ever saw. But she was too

large to get in. She went back to the table. This time she found a little bottle with the words ‘DRINK ME’ beautifully printed on it in large letters.

Alice ventured to taste it and finding it very nice she very soon finished it off. The flavor of the drink was very strange. “What a curious feeling!” said Alice. “I must be shutting up like a telescope!” And so it was indeed! She was now only ten inches high and the right size for going through the little door.
